2600 Bull Street  
Columbia, SC 29201

Dear Dr. Wheeler:

There is an extreme need to reduce tobacco use in South Carolina. The magnitude of the situation is critical relative to the health and welfare of our citizens.

The South Carolina Association of School Administrators supports your application for Project ASSIST and will do whatever is necessary to help with any strategic plan developed to reduce tobacco use in South Carolina. We would be happy to distribute literature to the schools in South Carolina through our members who hold administrative positions.

I am well aware of the ability of both the South Carolina Department of Health and Environmental Control and the American Cancer Society to administer this project. Both organizations are well respected and have a long history of success.

Sincerely,

Donald E. Beers  
Executive Director
